## Company Description

### Get More with East

With over 45 years of trailer engineering experience, East Manufacturing makes aluminum flatbed, drop deck, dump and refuse trailers as well as aluminum truck bodies for the commercial vehicle industry.

East aluminum trailers are designed to maximize payload and still provide the strength to handle the stresses of hauling day in and day out. Selling through a network of over 50 dealers with more than 70 locations, East aluminum trailers deliver strength and durability to meet the needs of a wide variety of trailer applications. East combines lightweight, strength and high-load ratings to provide versatile and flexible load options. By incorporating the lightest weight and longest lasting components into every trailer, East has earned the reputation of having higher resale value.

East has designed one of the lightest and strongest aluminum flatbed and drop deck trailers on the road today. To efficiently haul more than just bulk commodities, East offers several aluminum frame and frameless dump trailer configurations in the both smooth-sided Genesis® and traditional external post-style. Also in the smooth-sided Genesis design and traditional external post-style, East manufactures both tipper and Walking Floor® refuse trailers.
